

## INSPECTION POLICY

It is the intention of RNF Ventures Ltd. to create and maintain a safe work environment. To this end, the Company has developed an inspection policy.

The site supervisor will be responsible for overall operation of the program on specific sites.

Formal Work Site Inspections will be carried out on a monthly basis by the site supervisor. Inspection Reports will be posted with O.H. & S. minutes, and remain posted until subsequent meetings take place. Outdated inspection reports are to be turned in to head office for review and management signature.

Informal inspections will be conducted by staff on an ongoing basis in areas within their responsibility.

All on-site personnel share the responsibility for creating a safe work place and are encouraged to participate in the identification of items contrary to Company policy.

Informal (visual) inspections are required before each use of the following equipment:

- Full Body Harness
- Power Mobile Equipment
- Scaffolds
- Respirators

Formal (written) inspections are required monthly on the following equipment:

- Full Body Harness
- Power Mobile Equipment
- Scaffolds
- Work Site Safety
- Hazard Assessment
- Vehicle & Maintenance
- Fire Extinguisher
- First Aid supplies
